RESCUE TRIPOD BAG

Specifically designed to safely store our RGR1 Tripod.

This heavy duty bag features a full length top zip with two long carry handles which wrap around the bag for extra strength. The two additional shorter straps at the top and bottom will allow a two person lift. The bag also has wheels fitted to the bottom which allow easy transport between locations.

/ Built-in wheels

Suitability: Rescue tripod (RGR1) Material: Abrasion resistant nylon

Size: $H 210 \times L 1400 \times D 200 mm$ (not including wheels)
